CAREWORKS COMMENTS NEW GRANTEES

From Candy Bernier, Washington, PA: "This database is tailor made for Faith in Action Programs. I would be lost without it. I cannot think of a reporting need I have had that I was not able to retrieve from this database."... "I use many of the reports in my daily operations: Master Volunteer and Receiver Reports provide phone numbers which I use constantly; the Service Assignments allow me to know what volunteers take care of whom and who I need timesheets from...I can print out individual congregational reports so I can report to a church how much and what their volunteers are doing; the Profile Report is the greatest...we print out Volunteers' birthdates and use it to send them cards."

From Jeanette Wojcik, Wheeling, WV: "...I can't imagine how we would have managed record keeping without CareWorks...there is nothing about our volunteers that we can't find in CareWorks...the same is true about our Care Receivers...the reports are valuable for grant writing and for talking with faith communities...Donations can easily be tracked...another advantage of CareWorks is the consistent use of terminology. As the Faith in Action movement grows and becomes more well known, it is more important for all programs to use the same words to describe what we do...a program director can easily generate the data needed for reporting requirements to RWJ...With an effective database, program directors can concentrate on developing a system to provide services instead of trying to find ways to keep records."

We try to periodically update our database so that we can reach the new Faith in Action grantees. We like to offer them a free demo CD of CareWorks that contains sample data. They can then view the various reports, timesheets, capability to link to Mail Merge® and Mapquest®. It's a lot easier to set up the CareWorks database for a newly formed group than to face the sometimes overwhelming task of entering hundreds of names and addresses.

FUNDRAISING IDEAS

We keep hoping that spring is just around the corner! How about having a Geranium Sale to raise money for your program? Your local garden center may offer you a discounted price for a large purchase and you can charge just a few dollars more for your fundraiser.

Too early for geraniums? How about daffodils or tulips?
